

# Senior Mechanical Engineer

**FEA SPECIALIST | TAKAPUNA BASED OR REMOTE WORKING**

Are you a looking to work for a leading NZ Mechanical Engineering Consulting Business who are as committed to their performance culture as they are work / life balance?

Dobbie Engineers are an award-winning consultancy, providing first class engineering solutions to clients throughout New Zealand. With offices in Auckland and Rotorua they are involved in a variety of medium to large challenging projects across various industrial process sectors including Dairy, Food and Beverage, Geothermal, and Timber processing.

Due to continued success and growing demand for our engineering expertise we are now seeking a Senior Mechanical Engineer to join our high performing Auckland team. You will get to use your consulting experience along with your technical ability to design and deliver mechanical solutions for key projects from concept to completion.

You will take the lead on both mechanical and structural projects from both a technical and project delivery perspective and be able to bring teams together to ensure the client is completely satisfied. Mentoring and developing junior / intermediate level engineers is also a key part of this role.

**Our ideal candidate would possess:**

- FEA skills including analysis of machines, pressure equipment and structures
- 10+ years' experience working as a Mechanical Engineer. In a consulting environment is preferred
- Chartered Professional Engineer (CPEng)
- A good understanding of mechanical equipment and pressure piping/vessel design
- Demonstrated experience leading and managing projects to successful outcomes
- The ability to develop lasting relationships with customers and peers
- Excellent time management and team leadership skills
- Experience mentoring and coaching other engineers
- Be based in New Zealand

A competitive salary and benefits package is on offer along with an excellent working environment and the opportunity to work on varied and challenging projects. This is a permanent position to join a strong team of engineers and will offer career progression.

**Applicants for this position must have NZ residence or a valid NZ work permit.**

**Please submit your CV to [careers@dobbie.co.nz](mailto:careers@dobbie.co.nz).**
