

Graduate Engineer

PERMANENT | AUCKLAND

As an Engineer wouldn't you want to use your skills to build your career within an innovative, sustainable and successful NZ owned company? Dobbie Engineers Ltd are an award-winning Carbon Net Zero consultancy, providing first class engineering solutions to industrial clients throughout New Zealand. Ours is a culture of continuous improvement, recognising that work / life balance is essential to help you perform at your best.

Our Graduate Opportunity:

- Bring your innovative ideas to a dynamic team
- Complex and diverse projects across multiple industries
- Travel opportunities

Throughout our 30 year history, Dobbie has invested in Graduate Engineers as it is our firm belief that successful careers need a solid foundation. When you join our team, you know that your development is in safe hands.

This is a permanent role with a programme of activities and support and ongoing mentorship, training, and development throughout your career.

Working alongside a team of experienced professional engineers you will be exposed to a wide variety of projects and industries. You may be responsible for scoping problems, designing solutions, undertaking calculations or supporting construction monitoring and commissioning activities onsite. You can expect to learn technical expertise such as pressure vessel and piping design and specification, process design, equipment selection, client and contractor management and more.

Being a team player is essential; taking the initiative, communicating effectively and sharing your ideas will contribute to our continuous improvement mindset.

You must be in your final year of studying an undergraduate or postgraduate Engineering degree with a specialisation in Mechanical Engineering.

We are offering a competitive salary package with benefits including employer subsidised healthcare, an increased Kiwisaver contribution rate, ongoing professional support and career development. We are committed to fostering a culture that empowers our people, promotes teamwork and embraces flexibility.

Start your career with us. Bring your passion and vision, and we'll do a power of good together!

Applicants for this position must have NZ residence or a valid NZ work permit.
